

FY 2012 and FY 2013 SIG 1003(g) Request for Comments Notice

Missouri is requesting waivers of the period of availability of the FY 2012 and FY 2013 funds for the 1003(g) School Improvement Grant (SIG) program. These waivers will allow the State to extend the period of availability of the FY 2012 funds until September 30, 2018 and FY 2013 funds until September 30, 2018 for the State Educational Agency (SEA) and all of its eligible Local Educational Agencies (LEAs). This extension will allow Missouri to use funds remaining from FY 2012 and FY 2013, and all funds available from FY 2014, FY 2015 and FY 2016 to run a new grant competition for Cadre 4 1003(g) SIG in 2016. The extension of the availability of funds will allow the Department to grant up to five-year awards to LEAs that are approved for funding. The waiver request from Commissioner Vandeven to Assistant Secretary Whalen can be found at <http://dese.mo.gov/quality-schools/grants-resources/school-improvement-grant/news-and-updates> .
