Hello, I work as an *audio transcriber and can transcribe your writing material , academic materials or audio recordings* that you may be using for writing your books, articles, journals, class notes. I can do transcription of teleclass, mentoring / hypnotic sessions, Sermons, TV Shows, webinars, interviews and podcasts. I have over 3 years of transcription experience and have been supporting several clients with their transcription requirements.

I assure you of quality work and most importantly confidentiality of all the proprietary information / materials. All the work is deleted from our systems as soon as the transcription is completed to the satisfaction of our client. I do sign an NDA if so required.

My rate is USD 0.50 per audio minute and audios can be transcribed and returned within 12-24 hrs time. This means a 60 min clear audio will only cost you \$30.00

You can send the audio via www.transferbigfiles.com to my email addressXXX. What I can do is a free sample transcript of any audio of your choice and if the sample is to your satisfaction, then we can take it forward from there. Payment can be made only if you are satisfied with the work and the payment mode could be PayPal, wire transfer or any other means as per your convenience.

In addition I also do SEO related tasks, typing work and article writing . Should you have any such requirements, please do let me know. You can also visit my website www.cabbagetreesolutions.com to get more information about the services that I offer.
