RE: [REDACTED] v. Lathrop R-II School District Due Process Request

Dear Folks:

I have received Ms. Goldman's request that this Due Process Request be dismissed due to lack of conformity with the IDEA regulations concerning the content of the requests. Ms. Goldman's request for dismissal was received by me on October 6, 2008 by fax, and a hard copy was received several days later. I have received no answer or objection from Mr. [REDACTED].

The Due Process Request I received is legally insufficient under the governing regulations and the Missouri enactment. You may all consider this a **letter ruling** to the effect that Ms. Goldman's Motion to Dismiss is **GRANTED**, and the Due Process Request as filed is hereby **DISMISSED**.

Sincerely,

David Potashnick, Panel Chairperson
