

Purpose

Under the Child Abuse Prevention and Treatment Act or CAPTA (Public Law 111-320), a referral of a child under the age of three who is involved in a substantiated case of abuse or neglect must be made to the early intervention program funded by Part C of the Individuals with Disabilities Education Act (IDEA). In Missouri, the Part C of IDEA is known as First Steps.

The Missouri Department of Social Services (DSS), Children's Division requires staff to refer any child under age three who meets the criteria of CAPTA to First Steps. This report provides information related to the children referred to First Steps with a referral source of CAPTA or DSS in calendar year 2017.

Of the 699 children referred with a referral source of DSS, 225 children (32.2%) were found eligible and reached the status of an Individualized Family Service Plan (IFSP).
