Dear _____,

First Steps is Missouri's early intervention system that provides services to families with children, birth to three years of age, with disabilities or developmental delays. The program is designed to meet the needs of families related to enhancing their child's development, learning, and participation in family and community life.

As we discussed, your participation in the First Steps program is voluntary.

I understand you have chosen not to participate in the First Steps program at this time; therefore, your child's record has been closed.

If you would like to pursue First Steps services again in the future, please call toll-free **866-583-2392**. At that time, we will review new information to determine your child's eligibility for First Steps.

Sincerely,

Service Coordinator
