### The Work Number

The Work Number is an automated employment-verification service that allows you to have your employment and salary verified within minutes. This secure service is used for reference checks, loan applications, apartment leases, credit applications and other situations that require proof of employment. No one can access your salary information without your permission. If you want your salary information to be released, you must provide your verifier with the state of Missouri company code (10106), your Social Security number and a six-digit authorization code. You can get a brochure outlining all the details (including how to obtain an authorization code) from Human Resources in Central Office. Or, you can visit The Work Number's Web site at <http://theworknumber.com/>. If you have questions, please contact the customer service team at 800-367-2884 from 7 a.m. to 8 p.m. Monday through Friday.
