### **Effective Practices and Compliance**

#### ***DESE, Office of Special Education***

##### ***Description***

Secondary transition is a requirement of the Individuals with Disabilities Education Act (IDEA) for youth beginning at age 16, or earlier if appropriate, and it is documented in every subsequent Individualized Education Plan (IEP) until graduation. Students in Missouri are entitled to a free appropriate public education (FAPE) until age 21 and they reach the age of majority at age 18. This also includes transition services, which help facilitate the movement of students with disabilities from school to adult life. The Effective Practices Section of the Office of Special Education provides services and programs for local school districts such as high quality special education services and transition services. The Compliance Section of the Office of Special Education monitors local school districts' special education programs to ensure all rules and regulations from the IDEA are being met.

The Effective Practices and Compliance Sections support secondary local school districts' special education programs by coordinating with adult service providers to offer information and referrals, when appropriate, to families and students during the transition planning process.

##### ***Services Provided***

The Missouri Department of Elementary and Secondary Education offers a variety of state-wide professional development and school improvement efforts in transition to assist participating teachers in helping students during the transition process. These programs and activities include:

- Statewide Transition Institute
- Workshops on transition programs
- Transition Liaisons program
- Missouri Interagency Transition Team
- Community Transition Teams
- Transition Seminar Series
- Transition Outcomes Project
- Dropout Prevention project

## Extended Employment/Sheltered Workshops

### *DESE, Office of Special Education*

#### ***Description***

Sheltered Workshops provide a controlled work environment and a program that is designed to enable individuals with disabilities to progress toward normal living and to develop to his or her capacity, performance and relationships with other persons. Sheltered Workshops provide work experiences, which are sufficiently diverse, to accommodate the needs of each enrolled individual with a disability. Sheltered workshops also coordinate and integrate its services with all community agencies for the benefit of its employees, and whenever practicable, make use of the services available from these agencies.

#### ***Services Provided***

- A viable employment option for persons with disabilities who choose to work in a facility-based workplace
- Work interest assistance such as assessments and evaluation sites, work experience, and seasonal employment opportunities
- Provide referrals to other forms of employment programs such as supported employment and/or competitive employment providers
- Provides assistance and support to students and agencies relating to coordination of services, supports, and referrals for appropriate employment options

#### ***For More Information***

## **Adult Education and Literacy**

### ***DESE, Office of Adult Learning and Rehabilitation Services***

#### ***Description***

The Missouri Adult Education and Literacy (AEL) Program helps Missouri adults get the basic skills they need to be productive workers, family members, and citizens. The major areas of support are Adult Basic Education, Adult Secondary Education, and English Language Acquisition. These programs emphasize basic skills such as reading, writing, math, English language competency, and problem-solving. Eligible students are adults 17 years of age or older who are not presently enrolled in secondary school (or 16 year old adults who are not presently enrolled in secondary school but have completed 16 hours of credit toward high school graduation) and are speakers of English as a second language.

#### ***Services Provided***

- Adult Basic Education classes for adults who need to improve on basic reading, writing and math skills
- Adult Secondary Education classes for adults who need to prepare for taking the High School Equivalency Test (HiSET)
- English as a Second Language classes for non-English speakers
- Career Exploration using the Missouri Connections online service:  
[www.MissouriConnections.org](http://www.MissouriConnections.org)

## Independent Living

### *DESE, Office of Adult Learning and Rehabilitation Services*

#### *Description*

The Independent Living (IL) program provides services to people with disabilities to increase their independence and their opportunities to participate in day-to-day life within their communities. There are 22 Centers for Independent Living (CILs) statewide that offer independent living services. The CILs are funded through Vocational Rehabilitation grants and are managed by persons with disabilities who have been successful in establishing their own independent lifestyles. CILs are community based non-profit, non-residential organizations.

#### *Services Provided*

Each CIL offers four core services:

- Peer counseling
- Advocacy
- Information and referral
- Independent living skills training

CILs may provide other services that include but are not limited to the following:

- Legal services
- Housing services
- Transportation services
- Educational services

## Vocational Rehabilitation

### *DESE, Office of Adult Learning and Rehabilitation Services*

#### *Description*

Missouri Vocational Rehabilitation (VR) help eligible individuals with disabilities obtain and maintain employment. VR coordinates with schools in the planning of transition services for eligible young adults with disabilities prior to their graduation or exit from high school. VR “outreach” to schools may include consultation, technical assistance and participation in IEP meetings. VR’s primary role in providing transition services is to help young adults with disabilities who qualify to receive employment-related services and/or training necessary to make a smooth transition from high school to successful, competitive employment in integrated settings.

Eligibility for VR services is determined by the VR counselor on an individual basis. The counselor must certify that the individual has a physical or mental impairment that creates an impediment to employment and requires VR services to prepare for, secure, retain or regain employment. There is no specific time frame or age when an individual may be referred to VR. Most VR services are provided at no cost. However, payment for some VR services may be based on student and family income/resources and the ability to pay for costs associated with a specific service.

#### *Services Provided*

Some of the VR services that may be provided to eligible youth include, but are not limited to:

- Web-based career exploration
- Career planning/portfolio development
- Individual career guidance and counseling
- Work experience such as job shadowing, apprenticeships, and internships
- Earning high school credit through a cooperative work experience program (COOP)
- Assistance in finding employment/job search activities
- On-the-job training (OJT)
- Supported employment job coaching/supports
- Assistive technology devices or services
- Post-secondary education or training
- Other services based on individual needs

## **Division on Developmental Disabilities**

### ***Department of Mental Health***

#### ***Description***

The Division of Developmental Disabilities (DD) serves a population of individuals with developmental disabilities such as intellectual disabilities, cerebral palsy, head injuries, autism, epilepsy, and certain learning disabilities. Eligibility is determined by what's known as a functional assessment as opposed to linking eligibility to a specific diagnosis. A developmental disability is a disability which occurs before the age of 22. It must be determined that this disability is likely to continue indefinitely and that it results in a substantial functional limitation in two or more of the following six areas of major life activities: self-care, receptive and expressive language development and use, learning, self-direction, capacity for independent living or economic self-sufficiency and mobility. The Division's Mission is to improve lives of Missourians with Developmental Disabilities through supports and services that foster self-determination.

The Division of Developmental Disabilities is committed to enhancing community employment options for persons with developmental disabilities. The guiding principle of Employment First is that all individuals who want to work can work and contribute to their community when given opportunity, training, and supports that build upon their unique talents, skills and abilities.

As fully participating members of their community, individuals with developmental disabilities will be afforded the opportunity to earn a living wage and engage in work that makes sense to them. Career exploration and planning will be supported when assisting individuals in making informed choices in designing their unique pathway to increased independence, integration, inclusion, productivity, self-determination.

#### ***Services Provided***

- Individualized services and supports that provide access to opportunities that increase independence, integration, inclusion, productivity, self-determination and health and safety.
- Eligible individuals and families have access to a comprehensive and coordinated system that assist in planning, connecting to services and supports within and outside the disability system.
- Assistance with high school transition planning.
- Assistance with employment coordination.
