

FBA-BIP Webinar Series

Facilitator's Guide

This Facilitators Guide is being included with this webinar series in an effort to make the use of the series more efficient and effective. A list of handouts and a transcript of each slide with handout numbers indicated has been included here. Tips and suggestions for how to use this series are also being provided.

Suggestions for use of this webinar series:

- 1.) Print and review handouts prior to beginning the webinar
- 2.) Do no more than 2 sessions at one time. These sessions were designed for practice to be done in between viewing.
- 3.) Use a webinar facilitator to keep the group on track and to facilitate the practice and discussions of activities after doing them. The facilitator should review the webinars prior to actual use with a group.
- 4.) Use the handout reference page and the transcript for each session to make sure you are using the correct handouts at the correct times.

FBA/BIP Webinar
