**Early Childhood Special Education (ECSE) Cooperative Fiscal Guidance**

---

The following information is specific to ECSE cooperatives. For further information about the ECSE expenditures, please see the [ECSE Expenditure Guide](#).

Funding Structure

Fiscal agents of ECSE cooperatives incur all costs associated with operation of the cooperative and complete the ECSE Final Expenditure Report (FER) to request reimbursement from the State. Therefore, fiscal agents of ECSE cooperatives are not allowed to collect any fees from member districts on expenditures that are reimbursable by the State. The fiscal agent, however, may accept fees for items that are restricted or not reimbursed by the State (playground equipment, computers, career ladder, furniture, snacks).

Equipment/Leases

Equipment purchased by the fiscal agent and reimbursed through the ECSE FER will remain with the fiscal agent as long as they operate the cooperative and should be used for ECSE students. If an ECSE student's IEP requires a particular piece of equipment that should remain with him/her when he/she moves into kindergarten, the domicile district must purchase the equipment with IDEA Part B 611 funds. If a district's ECSE program is "closing" and the district is becoming a member of an ECSE cooperative, any equipment, materials, and supplies the district purchased with ECSE funds goes to the cooperative's fiscal agent. If the district withdraws from the cooperative, the equipment, materials, and supplies goes back to the district.

If the fiscal agent is leasing a modular unit to provide services to cooperative members, the lease will be reimbursed according to the formula outlined in Rule 5 CSR 30-640.200. If the fiscal agent district owns the modular unit, then rent will not be reimbursed.

Changing Fiscal Agents

If an ECSE cooperative decides to switch the fiscal agent to another district in the cooperative, the original fiscal agent district would continue to receive payments the year after any closure/change in fiscal agents since reimbursement is a year behind. As the fiscal agent operates the cooperative, they are incurring the costs until they receive reimbursement. So, as the fiscal agent, they will keep all reimbursement that comes from the ECSE program in the year following the closure/change in fiscal agents.

Any tangible equipment, supplies, and materials purchased by the original cooperative fiscal agent with ECSE funds must be transferred to the new cooperative fiscal agent.

Dissolving the Cooperative

If the ECSE cooperative disbands/dissolves, any tangible equipment, supplies, and materials purchased with ECSE funds will remain with the fiscal agent who incurred the original cost of the items.
