***PDC Expenditure Requirements Modification Enacted August 28, 2018**

Section 160.530.1, Ramos, requires districts to spend one percent (1%) of the Basic Formula monies (based on Line 17B of the district’s June basic formula calculation) for professional development committee expenditures. A minimum of seventy-five percent (75%) of one percent (1%) of the current year's Basic Formula apportionment must be spent in the year received for purposes determined by the Professional Development Committee and identified in the professional development plan in relation to a school improvement plan. This is completely separate from professional development that may be required by other programs such as title or special education programs. Expenditures should be recorded to Function Code 2214. Any portion of the other twenty-five percent (25%) of the one percent (1%) not expended during the year must be shown as a part of the restricted fund balance on June 30.

Effective August 28, 2018, HB 1606 modified 160.530.1, RSMo, to allow “that in any fiscal year ending with fiscal year 2024 in which the amount appropriated and expended to the public schools under section 163.161 for the transportation of pupils is less than twenty-five percent of the allowable costs of providing pupil transportation under said section, a school district may, by majority vote of its board, allocate an amount less than one percent of the moneys received pursuant to section 163.031, exclusive of categorical add-ons, to the professional development committee of the district but in no instance shall the district allocate less than one-half of one percent of the moneys received pursuant to section 163.031, exclusive of categorical add-ons, to the professional development committee of the district.” Any portion of the amount allocated and not expended during the year must be shown as a part of the restricted fund balance on June 30.

Function Code 2214 may only be used to code those expenditures made to meet the requirement of Section 160.530, RSMo, described above. Any instructional staff professional development required by other programs or expenditures made that do not meet the requirement of Section 160.530, RSMo, should be coded to Function Code 2213. Starting with the 2019-20 ASBR expenditures coded to Function Code 2214 with a source code or project code that indicates use of funds other than Basic Formula funds will not be allowed. If improper coding has occurred the district will be required to make adjusting entries and amend the Annual Secretary of the Board Report (ASBR) as necessary.
