## Assessment of Learning Loss

- This group will provide recommendations for assessing learning loss as a result of the extended school closures in spring 2020. This will include discussions of instructional progress, variances in local pacing, systemic sources of data and formative assessment tools.

## Acceleration of Learning

- This group will provide recommendations for accelerating learning with a focus on the 2020-21 school year. This will include discussions of lessons learned and evidence-based strategies for learning acceleration, such as the identification of the most important learning standards that are prerequisites for future learning and the use of available assessment data.

## Reaching all Students

- This group will provide recommendations for reaching all students with strategies to accelerate learning. This will include discussions of equity, meeting the needs of Missouri's most vulnerable, economically challenged students, students in the primary grades, and responses to the social-emotional needs of students and educators.
