Updates

□ Military

- What defines family?
A student who resides in the house of a person (family) who is on active duty or serving in the reserve component of a branch of the United States Armed Forces.
- If a student's parent is retired military would they be NM?
They would be reported NM, unless the individual is in the reserves, and then they would be reported NGR.
- Purpose of Collection:
The intent of this information is to be able to validate that the children of military families serving the two major military bases in Missouri and other related Department of Defense services are performing at high levels and are being well-served by their respective local educational agencies. This information is critical as Missouri's local, state and federal elected officials work toward assuring that the Department of Defense conclude the need for continuation of the operations of Ft. Leonard Wood Army Base at Waynesville and Whiteman Air Force Base in Knob Noster.

4

Updates

❑ CTSO Collection

CTO01010 - one record allowed to be reported per student.

- Altering to allow students to be reported once per building to accommodate students reported at high school and career tech center by the same district.

5

Common Q's

Q. For the stopout code, does it have to be over 20 days?

A. Yes, the stopout codes may only be used if the time period is more than 20 days. Otherwise the student is counted absent.

Q. For OSS – Can we can drop them the first day of non-attendance? Then does their absence needs to be more than 20 Calendar days?

A. To use the stopout codes, yes, the suspension will need to be more than the 20 days, or else they need to be counted absent. You will want to exit them the first day of non-attendance.

Q. Can you explain the stopout exit code with OSS?

A. If a student is placed in out of school suspension, you may initially code the student as a dropout, when they return from suspension you would change the dropout code to stopout and then enter them as a stopout. If you know the length of time will be longer than the 20 days you may go ahead and mark them as an exit stopout when they start their suspension.

Q. How do I exit a PK student who left the program?

A. The PK student may be Transferred to Home School.

6

	Exit	Entry-Return before fall count date	Entry-Return after fall count date
Dropout *1	'D' Code	S100	T108 (non-recovered)
OSS	S000	S100	Becomes Long Term
OSS (Long Term) *2	S001		S101

*1 – If student returns before fall count date, change initial dropout to S000. If student does not return, remains a dropout.

*2 – Only use the specific Stopout Suspension codes (S001, S101) for long term suspensions.

Reminder: The Stopout Code may not be used unless the absence exceeds 20 consecutive calendar days (15 school days). The student would be counted absent.

June Student Course Completion

- Report final grade and credit earned by each student for each course taken in grades 7-12.
- District providing instruction reports completions.
- Course completions are expected for:
 - Each student reported in the Enrollment Attendance file with at least one hour of attendance
 - Each course reported in October Course Assignment
 - Each student reported in October Student Assignment
- Dual Credit from last summer may be reported in this collection.

June Student Course Completion

- ❑ SCC00467 (W) - Each student reported in the June Student Course Completion file must be reported in the June Student Enrollment Attendance file with hours of attendance.
 - Ensure the student is reported in the 2015 June Student Enrollment Attendance file.

- ❑ SCC00468 (W) - Each student reported in the June Student Core/Enrollment Attendance file with at least 1 hour of attendance in grades 7-12 will be expected to have a record in the Course Completion file.
 - The student is found in the Enrollment Attendance file, but no course completion record is found.
 - Compare the SEA and Course Completion files and check that these fields match. **CurrentSchoolYear, ReportingDistrictCode, and StateID.**
 - Does not apply to Area Career Center students (building 1100-1199).
 - Does not apply to Resident II students.

9

June Student Course Completion

- ❑ SCC00477 (W) - Each student reported in the October Student Assignment file in grades 7-12 will be expected to have a record in the Course Completion file.
 - Ensure the record is reported in Course Completion.
 - Compare the October Student Assignment record and June Course Completion record and check that these fields match. **CurrentSchoolYear, ReportingDistrictCode, ReportingSchoolCode, EDSSN, CTEProgType, PosCode, AssignNum, and StateID.**

- ❑ SCC00466 (W) – Each course with students in grades 7-12 reported in the October Course Assignment should exist in the June Course Completion file, unless Course Assignment end date is reported.
 - Ensure the record is reported in Course Completion.
 - Compare the October Course Assignment record and June Course Completion record and check that these fields match. **CurrentSchoolYear, ReportingDistrictCode, ReportingSchoolCode, EDSSN, CTEProgType, PosCode, and AssignNum.**

10

June Student Course Completion

SCC00469 (W) – Each **course number** reported in the June Course Completion must match the course number reported in the October Course Assignment file.

SCC00465 (E) – Each **assignment number** reported in the June Course Completion file must match an assignment number reported in the October Course Assignment file.

- Compare the course completion record to the October assignment record and check that these fields match. **CurrentSchoolYear, ReportingDistrictCode, ReportingSchoolCode, EDSSN, CTEProgType, PosCode, and AssignNum** match.
- Does not apply if course assignment end date is reported. If an assignment is end dated, the system is looking for the replacement educator to be reported with the grades given to students.
- At Risk courses may be reported in October as course At Risk (994210), while the multiple subjects may be reported in course completions for an educator and won't match on course number but will match assignment numbers.
