MOSIS ID

❑ Updating of MOSIS IDs

- Update your full enrollment of students in the MOSIS ID system to reflect current student information for the 2021 school year.
 - Current, accurate information will help districts/charters to identify correct IDs when students transfer within the state.
 - Current information will allow for you to “source” within DirectMatch for direct certification.

❑ Duplicate MOSIS IDs

- If you determine a student has a duplicate MOSIS ID, please email ONLY the ID numbers to coredata-mosis@dese.mo.gov.

DirectMatch

❑ DirectMatch

- There are three ways to process direct certification using DirectMatch.
 - Source: If the MOSIS IDs are updated for the current school year for your district/charter, the DirectMatch report can be downloaded by “sourcing” the MOSIS ID system.
 - Upload a file.
 - Enter individually.
- Reminder: Once a student is matched as direct certification, the system will remember the match and will exclude them from future downloads.
